

MISSOURI  
OFFICIAL  
HIGHWAY MAP  
For free distribution  
1993-94

Missouri Highway and Transportation Department's mission is to provide a quality transportation system that responds to Missourians' demands and enhances the state's growth and prosperity.

Governor and Mrs. Mel Carnahan

*Jesus and I hope you will find Missouri's grand place to spend a few days in a lifetime.*

*Our friends and citizens around with friendly people placed to share their state with visitors from around the world.*

*Whether you are here for a vacation, business, your time spent exploring our cities and countryside will be well-rewarded.*

*Our beautiful surroundings will give you a glimpse of the Lake of the Ozarks or Truman Lake, to the Gateway Arch along the Mississippi River, and to the heart of America's money capital in Denver. Missouri is the home of two of the sons of American Presidents, the state of the beautiful Cardinals, and Kansas City, home of the Royals.*

*Our beautiful scenery will give you a glimpse of the state of agriculture ranging from soybeans and corn in the heartland, to the red cornfields of rural Missouri, and more beautiful than anywhere outside of Texas.*

*Our industries span from the heart of the state to the heart of the nation.*

*Our public universities and colleges and private educational institutions throughout Missouri affirm our historic commitment to quality education.*

*You are there as good adventures for you and your family everywhere you turn in Missouri.*

*Join the esteemed Missouri State Fair at Sedalia, walk or hike along the scenic Katy Trail, or float on the Current River amidst the Ozark Hills. Take a step back in time in the German community of Hermann or walk the docks at Jannett.*

*Experience the excitement of the St. Louis Cardinals, the St. Louis Blues, and the Pony Express Museum at St. Joseph.*

*Our beautiful Mark Twain State Park is a place to enjoy a day at Hannibal or explore the Truman Library at Independence or the Churchill Memorial at Fulton. Don't miss our beautiful Capital at Jefferson City.*

*Our friends are but a few examples of why tourism is one of our main industries.*

*So take your time. Relax and enjoy your travel in Missouri and let the "Show Me" state show you the best of your life.*
